Will applicant be a candidate for Financial Aid? _____

Limited need-based financial aid is available through the Academy. Interested parents should request financial aid forms from the school.

Previous School Attended

Name _____

Address _____

Dates of Attendance _____

I hereby grant permission for a representative of the Arendell Parrott Academy to examine the school record of my child and to discuss the child's record with officials of the school.

Parent or Guardian Signature

Please note below any special or significant aspects of the applicant's status of which APA should be aware including any medical problems.

Terms of Enrollment

Prior to enrollment, APA reserves the right to test the applicant to assist the Academy in admission of the student and in determining class placement.

The parent or guardian must complete, through the school office, an educational contract which details the terms for payment of tuition less any deposits paid applicable to tuition. It is a policy among schools that a school should not send a transcript of a student's academic work and credits to another school or to a college if the student's bill remains unpaid. APA follows this policy.

The school's motto is "Honor, Initiative, Truth." and the Academy has a clearly stated honor code and student code of conduct. Parents agree to support these standards upon enrolling their child.

A student may be required to withdraw at anytime if his behavior or his attitude about his work is not in compliance with what the Academy wishes to accomplish. The Academy's right in this regard may be exercised whether or not the student has broken any formal rule.

By placing a student in the school, parents and guardians accept these terms.
